Send resume and brief cover letter to above email address or mail to:

Schumacher Farm Park
5682 Hwy 19
Waunakee, WI 53597

Summer Camp Educator

Schumacher Farm Park is seeking an educator or naturalist with experience in elementary education to assist with summer camp facilitation and teaching activities during the 2018 summer camp session. Camp schedule is June 25 - 29, from 9 am - 3 pm, along with additional prep and planning time for a total of 40 hours at \$12/hr. compensation. Position would collaborate with the Park Administrator, guest educators and volunteers during camp sessions to implement participatory activities related to camp content. Assist in aspects of curriculum facilitation, organization of camp instruction materials and quality care of campers. Ideal applicants should possess the following:

- Experience working with children
- Ability to lead and implement program activities
- Strong organizational and communication skills
- First Aid certification preferred

See details for summer camp description on our website: <http://schumacherfarmpark.org/camp>

Part-time Garden/Horticulture Intern

Schumacher Farm Park is one of Dane County's historic parks. The heirloom garden is a demonstration garden of the early 1900s, with typical crops the Schumacher family would have grown for storage and year-round consumption, including flower beds and fruit trees. Gardens are maintained by interested volunteers of the Friends of Schumacher Farm.

The Friends are looking for a part-time, seasonal gardener to support staff and volunteers in maintaining the heirloom garden and smaller beds around the farmhouse. Flexible schedule. Opportunity to learn about historical gardens and organic practices. Expected hours are 8 hrs/week for 16 weeks, beginning mid-May (total 136 hours). Compensation \$8/hour. Ideal applicants should possess the following:

- Self-motivation and comfortable working independently
- Ability to work collaboratively with volunteers and staff
- Interest in historical garden interpretation and organic gardening practices
- Desire to work outdoors and ability to lift 40 lbs.
- Some gardening or horticulture experience preferred but not required
